How long does it take to process my application?

We aim to approve applications within an hour if all the required information is supplied. Sometimes we need to take a closer look at your circumstances so we might ask for extra information to ensure we follow responsible lending conduct obligations. As a result, some applications may take longer to review as we wait for you to provide the extra information required.

What makes ZeeFi different?

Unlike a typical personal loan, which you borrow all at once, ZeeFi's Vocational Loan allows you to borrow up to a limit. More importantly, you can use what you need when you need it, which means lower repayments and lower interest, and you can choose to pay your loan back faster without being penalised.

Does ZeeFi send the money to me?

No, we pay your education provider directly.

Do I need to be employed?

Yes, you must have an income. It can be part time, full time, casual or self-employed.

What is a drawdown?

Let's explain by using an example: If you are approved for a loan of \$4,000, it means you are able to borrow up to that amount to pay for your course.

We release the funds in stages to your education provider, so you don't pay for your course all at once - these stages are called 'drawdowns'.

Therefore, your repayments will start low and only increase as each drawdown is released - we'll take care of this for you.

Can I pay the loan off early and are there any early repayment fees?

Yes, you can pay the loan off any time and there are no early repayment fees.

Are there any upfront fees?

Yes, there is a \$200 establishment fee. It only becomes payable when you activate your loan.

How is my interest rate calculated?

Interest rates are determined on a risk profiling basis. We'll provide you with an outline of the interest rate that could apply to your loan. You should consider whether this is right for you.

What is a credit score?

A credit score is a number (between 0 and 1,200) generated by a credit bureau. Your score reflects your borrowing history and if you pay bills on time. This helps lenders determine how likely you are to repay loans.

Refer to our [Credit Scores 101 guide](#) to understand your credit score and how to improve it.

How do repayments work?

Loans can be repaid weekly, fortnightly or monthly via direct debit from your nominated bank account. To help you stay organised, we'll also send you a reminder the day before repayments are due to come out of your account.

When and how do I need to apply for funding?

You can apply for funding any time and your offer is valid for 60 days.

Can I choose where I study?

Yes, you can study at any one of our accredited vocational education partners.

What is the minimum and maximum Vocational Loan size?

Subject to suitability and lending criteria, we can approve loans from \$2,001 to \$20,000 AUD for vocational students.

Is it possible to only borrow a fraction of the course cost?

Yes, when you speak with your education provider, please advise them how much you can pay upfront and how much you will need to borrow.

Will you run a credit check on me?

Yes, at the formal application stage, we will run a credit check. If you are simply checking what your repayments could be, we suggest using our website's calculator or calling us on 1800 324 909 for an indicative repayment.

Can a parent or guardian take out the loan on behalf of the student?

Yes, we allow parents/guardians of children 16 years and older to take a loan out in their name, instead of their child's name. This can suit students who are not earning more than \$25,000 per year but have a parent or guardian willing to take out the loan in their name.

Are my bank details safe with [bankstatements.com.au](#)?

When you provide your bank details to [bankstatements.com.au](#) we cannot view your passwords or make any transactions, and neither can anyone else. We can only read your statements in order to do our credit checks.

The Bank Statements online service is run by [Illion](#), which is independently tested and audited by external security experts and encrypted with bank-level security. It is used by many banks and other lenders.

Is ZeeFi regulated by ASIC?

Yes, we provide regulated consumer loans under our Australian Credit Licence 386010. In doing so, we must comply with the *National Consumer Protection Act 2006* (Cth), and the National Credit Code and we must meet ASIC's requirements in relation to consumer lending.
